ABSTRACT

Filler text.

1. INTRODUCTION

1. Background

2. Motivation

3. What research question will we address?

4. Why is this important

2. RELATED WORK

1. Is there existing work?

2. How novel is our work

3. List your potential contributions of this work.

3. SOLUTION

1. How did we solve the problem?

2. What techniques/algorithms will you use/develop to solve the problem?

3.1 Sentiment Analysis

3.2 Classification

3.3 Combining

4. EVALUATION

1. How did we evaluate the work?

2. results of evaluation

3. justification/explanation/interpretation of results

5. CONCLUSIONS

1. Ideas for further improvement.

6. REFERENCES
